EDUCATION

Khalsa College Amritsar, Punjab
Bachelor of Computer Applications

Expected 2025

SKILLS

Languages: HTML, CSS, JavaScript

Frameworks/Libraries: React, Redux, Material UI, Chakra UI, TailwindCSS, Bootstrap, GSAP, Lenis

Platforms/Tools: Git, VS Code, Netlify, Vercel, Chrome DevTools

PROJECTS

Rejouice UI Clone [Live](#) [Code](#)

- Developed a pixel-perfect UI clone of Rejouice.com
- Utilized **GSAP** for smooth animations and ScrollTrigger effects
- To demonstrate expertise in modern UI design practices
- Showcased my ability to deliver high-quality, responsive web designs
- Visually stunning design and curated art showcase
- **Tech Stack:** React, TailwindCSS, GSAP, Lenis

NewsHub WebApp [Code](#)

- Built a News Application that delivers the latest headlines and updates in real-time.
- Leveraged an API to fetch and display news dynamically
- To showcase my skills in API integration, real-time data handling
- **Tech Stack:** React, Bootstrap

JavaScript Projects [Live](#) [Code](#)

- Developed various web applications, including dynamic counters, color changers, and simple games,
- Implemented these projects by manipulating the DOM with **JavaScript**
- Showcased proficiency in JavaScript by building responsive, user-friendly applications from scratch.
- **Tech Stack:** HTML, CSS, JavaScript

ACHIEVEMENTS

- Awarded by the principal for delivering inspiring and impactful morning assembly thoughts at my senior secondary school.
- Received an Ambassador of Hope certificate from the Government of Punjab for active participation in an online event during the COVID-19 pandemic.
- Recognized for contributing to the product showcase through effective team management, leading to a 25% increase in participant satisfaction.
- Secured 2nd place in a LAN gaming event at my college while playing Smash Karts. Competed in a solo match against around 10 players and gave my best to reach the top

INTERESTS

Web Development & Design, Animation Libraries (GSAP), Responsive UI Design, UI/UX Trends
